

# Sandtex®

Sandtex® Fungicidal Wash is a ready to use formula for treatment of mould, algal, fungal or lichen growth, on wood or masonry surfaces.

**Preparation:** Thorough surface preparation is essential.

**Application:** Please follow statutory conditions relating to use below. Where severe, two applications may be necessary. Apply with a nylon bristle brush, scrub into surface, leave to dry. All signs of organic growth should then be removed with a scraper or stiff, bristle brush, not wire. Avoid the inhalation of dust. Wash surface and allow to dry. Apply 1 litre of product per 5-10 square metres.

**Cleaning:** Remove as much product as possible from brushes before cleaning with soapy water.

**Storage and Transportation:** Ensure this pack is stored upright and secure at all times. Crown Paints cannot accept liability for damage caused by spillage or failure to follow manufacturer's instructions. Do not store below 5°C or above 40°C.
